

## Interactive Multimedia Project Brief

Due Date: April 29<sup>th</sup> **no later than 10:00am** on Blackboard

### Description:

Come up with a new exhibit for a museum and create a multiple page multimedia information interface for the chosen exhibit.

Visitors to the museum should be able to see information about the chosen exhibit in the form of a story represented in different forms of media. Your interface should be accessible to the general public.

You will present your work during the last class session. You will have 3 minutes to present.

### Grade breakdown:

- Class session follow up – 15%
- Presentation – 20%
- Overall project – 65%

Submit your work in a format that can be opened independent of the software you used to create it. **Submit in a zipped folder with your first and last name as the folder name.**
